EDUCATION

General Assembly, Software Engineering Immersive, Certificate of Completion

Austin Community College, Computer Science major

McCallum High School, Diploma

Experience

- **General Assembly Software Engineering Fellow**
04/2021 – 07/2021
 - Created fully responsive front end web applications using HTML, CSS, Javascript, React, and third-party API integrations. Developed full-stack applications and designed REST APIs with full CRUD functionality using React, Javascript, Node.js, Express, Sequelize, PostgreSQL, and Ruby on Rails. Managed team-based projects using agile workflow, Git version control and Github. Applied knowledge of key languages and computer science.
- **H-E-B Grocery Company, LP Service Lead**
12/2018 – 01/2020
 - After working for a year as a checker, I was made a team lead. I had the opportunity to work with about thirty Partners. As a Service Lead, I was able to assist in leading a successful operation of the Central Checkout Department. I had the opportunity to train and coach a team environment where Partners work toward providing Customers consistently superior Customer Service. I was also in charge of onboarding new Partners. I also served as backup to the department manager. Troubleshooting equipment / technology (e.g., POS, coupons, self-checkout, eComm) was also a big part of my role.
- **H-E-B Grocery Company, LP Checker** 12/2018 – 01/2020
 - For over a year I was part of an exciting and new checker team at a grocery store. I worked with customers, while staying attentive to their needs, yet maintaining composure in high-stress situations.
